The popeyed little toad smirked over there on the far side of his pretentious desk..This saving spirit retreated, and in his place came a young paramedic in a black-and-yellow rain slicker over hospital whites. "Just want to be sure there's no spinal injury before we move you. Can you squeeze my hands?".The two men detached and rolled up the pleated green skirt that hung from the rectangular frame of the graveyard winch on which the casket was suspended. Green, rather than black, because Naomi loved nature: Junior had been thoughtful about the details of the service..The hum, the buzz, the rattle, the grinding of machinery, power tools. Sheet steel and tougher structural steel snarling against the teeth of a metal-cutting saw..STILL WEARING HIS white pharmacy smock over a white shirt and black slacks, striding purposefully along the streets of Bright Beach, under a malignant-gray twilight sky worthy of a *Weird Tales* cover, with ominous accompanying rhythm provided by wind-clattered palm fronds overhead, Paul Damascus headed home for the day.. "That's unusual, too, and I wish the etiology of this disease, which is exceedingly well understood, gave us reason to hope based on the transience of the symptoms ... but it doesn't." One nurse and one nun brought Celestina into the creche behind the viewing window..Many nights, his sleep wasn't half as restful as he would have wished, for he often dreamed of walking in a wasteland. Sometimes, desert salt flats stretched in all directions, with here and there a monument of weather-gnarled rock, all baking under a merciless sun. Sometimes, the salt was snow, and the monuments of rock were ridges of ice, revealed in the hard glare of a cold sun. Regardless of the landscape, he walked slowly, though he had the desire and the energy to proceed faster. His frustration built until it was so intolerable that he woke, kicking in the tangled sheets, restless and edgy..On January 2, 1968, four days before his birthday, Bartholomew Lampion gave up his eyes that he might live, and accepted a life of blindness with no hope of bathing in light again until, in his good time, he left this world for a better one..Bad news. Having been identified by another guest put Junior at risk of later being tied to the killing; having been recognized by a close personal friend of Celestina White's was even worse. It had become imperative now that he know why the pianist had been watching him from across the room with such intensity..They could not have been more solemn or more respectful if Naomi's corpse--stitched back together, pumped full of embalming fluid, painted with pancake makeup, dressed in white, with her cold hands clasping a Bible to her breast--had been reposing in a casket in this very room, surrounded by flowers and awaiting the arrival of mourners. They were all polite, soft-spoken, sad-eyed, oozing unctuous concern--and so full of feverish calculation that Junior wouldn't have been surprised if they had set off the ceiling-mounted fire sprinklers..Soon he dispensed with picture books and progressed to short novels for more accomplished readers, and then rapidly to books meant for young adults. Tom Swift adventures and Nancy Drew mysteries captivated him through the summer and early autumn..Neither hesitantly nor recklessly, the boy set off across the lawn toward the porch steps. He maintained a far straighter line than Agnes would have been able to keep with her eyes closed..Instinct, even reason, told him that some connection existed between this person, this Bartholomew, and Celestina. The name had terrified Cain in a bad dream, the very night of the day that he'd killed Naomi, and Vanadium therefore had incorporated it into his psychological-warfare strategy without knowing its significance to his suspect. As strongly as he sensed the connection, he couldn't find the link. He lacked some crucial bit of information..The hall was deserted. Then a woman came out of one of the offices and walked toward the gallery, without glancing at him..The ninth card was a jack of spades. Maria called it a knave of and at the sight of it, her bright smile dimmed..Footsteps in the hall drew their attention to the open door, where the surgeon appeared in his loose cotton greens..The candlestick was dry. Holding this pewter bludgeon with a paper towel, Junior replaced it on the table as he had found it. He picked up the candle from the floor and married it to the stick..In a cabinet above the bench, Junior found a pair of clean, cotton gardening gloves. He tried them on, and they fit well enough..Between his surgeries and for many months thereafter, Vanadium had devoted his energies to speech therapy, physical rehabilitation, and the concoction of periodic torments for Enoch Cain, which Simon Magusson was able to implement, every few months, through Nolly and Kathleen. The idea wasn't to bring Cain to justice by torturing his conscience, since he'd allowed his conscience to atrophy a long time ago, but to keep him unsettled and thereby magnify the impact of his first face-to-face encounter with the resurrected Vanadium..In reaction to a terrible sense of weightlessness, Agnes's two-fisted grip on the steering wheel grew so tight her hands ached. She held on with all her strength, as if at real risk of floating out of the car and up toward the source of the raveling skeins of rain..Kathleen Klerkle, Mrs. Wulfstan, sitting on the edge of Nolly's desk, looked diagonally across it at the visitor in the client's chair. Actually, Nolly had two chairs for clients. Kathleen could have sat in the second; however, this seemed to be a more appropriate pose for a hawkshaw's dame. Not that she was trying to look cheap; she was thinking Myrna Loy as Nora Charles in *The Thin Man*--worldly but elegant, tough but amused.. "He came through the surgery well. He'll be in post-op for a while, then brought here to the ICU. His condition's critical, but there are degrees of critical, and I believe we'll be able to upgrade him to serious long before this day is over. He's going to make it." In spring, summer, and fall, they brightened the grave with the roses that Edom grew in the side yard. In this less rose-friendly season, these Christmas bouquets had been purchased at a flower shop.. "Great guy. Do you have an address for her, a way maybe I could get in touch about her brother?". Fascinated by this strange new realm, Angel returned to her chair periodically, between explorations, to sip apple juice and to reveal her latest discoveries: "They got yellow shelf paper. They got potatoes in a drawer. They got four kinds of pickles in the refrigerator. They got a toaster under a sock with pictures of birds on it." The boy wasn't translucent, as his father's ghost had been on that drizzly January night almost three years ago. The same drowned light of this gray afternoon that revealed the gravestones and the dripping..around a long time yet, but women outlive men by several years. Actuarial tables aren't wrong." He slapped her hands, knocking the sharpener and the pencil out of her grasp. They clattered against the window, fell onto the window-seat cushions..Although the girl was unable to articulate why she preferred not to have her mother at her side, they all understood the tumult in her heart. She couldn't bear to subject her gentle and proper mother to the shame and embarrassment that she herself felt so keenly and that she imagined would grow intolerably worse in the hours or days ahead, until and even after the birth..When finally he found his voice, it was rough-sawn with a blade of grief. "My wife. Perri. Perris Jean." ready to hear me. However long you need. But something ... something extraordinary happened here before you arrived." On the nightstand stood a stainless-steel carafe beaded with condensation. Maria took the cap off the water carafe, and with a

longhanded spoon, she scooped out a chip of ice. Cupping her left hand. The boy's difference was defined as much by what he didn't do as by what he did. For one thing, he didn't observe the Terrible Twos, the period of toddler rebellion that usually frayed the nerves of the most patient parents. No tantrums for the Pie Lady's son, no bossiness, no crankiness. And like John Kennedy's death, Zedd's passing was cloaked in mystery, inspiring widespread suspicion of conspiracy. Only a few believed that he had committed suicide, and Junior was certainly not one of those gullible fools. Caesar Zedd, author of You Have a Right to Be Happy, would never have blown his brains out with a shotgun, as the authorities preferred the public to believe. On the drive home, Junior dropped the knife down a storm drain in Larkspur. He tossed the gloves in a Dumpster in Corte Madera. WHEN A GLASS OF chilled apple juice at dawn stayed on his stomach, Junior Cain was allowed a second glass, though he was admonished He was also given three saltines. a time, from the carafe on the nightstand. She spooned the ice into Junior's mouth not with the businesslike. Friday, after dinner, when he'd heard enough of Maria's method of fortune-telling to know that four decks were required, that only every third draw was read, and that aces-especially red aces-were the most propitious cards to receive, Jacob had taken great pleasure in preparing for Barty the most favorable first eight cards that could possibly be dealt. This was a small gift to cheer Agnes, on whose heart Joey's death weighed as heavily as iron chains. Embarrassed, cold, abruptly frightened, she returned to the Old West, where night on the low desert was warm. The campfire flickereded welcomingly. John Wayne put an arm around her and said, "There are no dead husbands or dead babies here," and though he intended only to reassure her, she was overcome by misery until Shirley MacLaine took her aside for some heart-to-heart girl talk. Agnes woke again and was no longer chilled, but feverish. Her lips were cracked, her tongue rough and dry. He slipped behind the door and raised the pewter candlestick over his head. Weighing perhaps five pounds, the object made a formidable bludgeon, almost as good as a hammer. Shortly after six o'clock, Saturday morning, she stirred from a fretful dream and saw Barty sitting up in bed, reading. Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever. During the past few hours, he had changed his life again, as dramatically as he had changed it on that fire tower almost three years ago. More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a (lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him. Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd." "I was never Cary Grant, to begin with," said Vanadium, still ceaselessly rolling the quarter across his fingers, "so I had no big emotional investment in my appearance. Cosmetic surgery would have added another year of recuperation time, probably much longer, and I was anxious to get after Cain. Seemed to me this mug of mine might be just the thing to scare him into an incriminating mistake, even a confession." By the time the family was ushered out, protesting, at the end of evening visiting hours, Junior hadn't succumbed to their pressure. If his conversion was to appear convincingly reluctant, he would have to resist them for at least another few days. Unable to continue Tehanu's story (because it hadn't happened yet) and foolishly assuming that the story of Ged and Tenar had reached its happily-ever-after, I gave the book a subtitle: "The Last Book of Earthsea." The sidewalks were crowded with businessmen in suits, hippies in flamboyant garb, groups of smartly attired suburban ladies in town to shop, and the usual forgettably dressed rabble, some smiling and some surly and some mumbling but as blank-eyed as mannequins, who might be hired assassins or poets, for all he knew, eccentric millionaires in mufti or carnival geeks who earned their living by biting heads off live chickens. "You can learn em." "I'm not sad," Tom said, "because though I have this face here in this world, I know there's another me-in fact, lots of other Tom Vanadiums-who don't have this face at all. Somewhere I'm doing just fine, thank you." After taking a minute to steel himself, Junior squatted next to the dead detective. That evening, he was filled with a greater sense of adventure than he'd felt since arriving in the city from Oregon. Consequently, he treated himself to three glasses of a superb Bordeaux and a filet mignon in the same elegant hotel lounge where he had dined on his first night in San Francisco, almost three years earlier. He tucked his left arm tight against his side and threw himself against the door. The obstructing furniture was heavy, but it moved an inch. If it would give one inch, it would give two, so it wasn't immovable, and he was already as good as in there. In the afternoon, Dr. Schurr came to the hospital to review test results and to reexamine Barty. When the early-winter twilight gave way to night, he sent them back to Dr. Chan, and Agnes didn't press Schurr for an opinion. All day she'd been impatient for a diagnosis, but suddenly she was loath to have the facts put before her.
