For this reason, it's really a piece of cake in that case without having to spend to surf and search for, experimentation around the book store how you will

around wanting his five hundred bucks back, I'll give it to him." The living room no longer doubled as sleeping quarters. Perri's hospital bed had been taken away. Paul's bed had been moved to a room upstairs, where for the past three nights, he had tried to sleep. Standard decks of playing cards are machine packed, always in the same order, according to suits. You can absolutely count on the fact that each deck you open will be assembled in precisely the same order as every other deck you have ever opened or ever will open. For two years, since finding the quarter in his cheeseburger, Junior had been searching for a metaphysics that he could embrace, that squared with all the truths that he had learned from Zedd, and that didn't require him to acknowledge any power higher than himself. Here it was. Unexpected. Complete. He didn't fully understand the bit about monkeys and barrels, but he got the rest of it, and peace of a sort descended upon him. A knife already lay on the counter nearby. He used it to slice four pats of butter, yellow and creamy, each half an inch thick, off the end of the stick. She traded silence for silence. Then: "Kiddo, I'm still totally confused by this stuff." A supply of ammunition lined the bottom of all the dresser and bureau drawers, concealed by underwear and other garments. Junior appropriated a box of 9-mm. cartridges. "Well," Agnes said, "thank the Lord, we don't have tornadoes here in California." Second, Thomas Vanadium received no mention: Therefore, his body hadn't been found in the lake. He still ought to be under suspicion in the Bressler case. And if new evidence cleared him of suspicion, then his disappearance should have been mentioned, and he should have been listed as another possible victim of the Shamefaced Slayer, the Bandaged Butcher, as the tabloids had dubbed Junior. Fascinated by this strange new realm, Angel returned to her chair periodically, between explorations, to sip apple juice and to reveal her latest discoveries: "They got yellow shelf paper. They got potatoes in a drawer. They got four kinds of pickles in the refrigerator. They got a toaster under a sock with pictures of birds on it." Raise high the candlestick. In spite of the masking music, breathe shallowly and through the mouth. Remain poised, ready. He had not yet disposed of her personal effects. In the dark, he went to the dresser, opened a drawer, and found a cotton sweater that she had worn recently. After a while, he dared to crack his eyelids. Pressing against his eyes was a blackness as smooth and as unrelenting as any known by a blind man. Not even a ghost of light haunted the night beyond the window, and the slats of the venetian blind were as hidden from view as the meatless ribs under Death's voluminous black robe. At the top of the candlestick, the drip pan and the socket were marked by a wine-red drizzle. The color of well-aged bloodstains. "December 1, 1958, in Chicago, Illinois, a parochial-school fire killed ninety-five." "Well, you're sweet, aren't you? And you're all bright red on the outside and milk chocolate inside," Celestina said, gently tweaking the girl's light brown nose. As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from her, and toward the window once more. He'd never taken too much from any one game. He was a discreet thief, charming his victims with amusing patter. Because he was so ingratiating and seemed only mildly lucky, no one begrudged him his winnings. Soon, he was more flush than he'd ever been as a magician. Thanks to his intelligence and his personality, Barty's presence was so great for his age that Agnes tended to think of him as being physically larger and stronger than he actually was. As the scent of grass grew more complex and even more appealing, she saw her son more clearly than she'd seen him in a while: quite small, fatherless yet brave, burdened with a gift that was a blessing but that also made a normal boyhood impossible, forced to grow up at a up faster pace than any child should be required to endure. Barty was achingly delicate, so vulnerable that when Agnes looked at him, she felt a little of the awful sense of helplessness that burdened Edom and Jacob. Edom and Jacob flanked the gurney, each gripping one of Barty's feet through the sheet that covered them, escorting him with the same stony determination that you saw on the faces of the Secret Service agents who bracketed the President of the United States. The boy's difference was defined as much by what he didn't do as by what he did. For one thing, he didn't observe the Terrible Twos, the period of toddler rebellion that usually frayed the nerves of the most patient parents. No tantrums for the Pie Lady's son, no bossiness, no crankiness. "Oh, my Lord," Chicane groaned as he and Sparky half carried Junior into the bathroom. They were married in September of that year, much later than even Grace White's wager date. As Grace's guess had been closer than her daughter's, however, Celestina paid with a month of kitchen duty. Although she had never seen snow other than in pictures and on film, this deep-settled silence seemed to speak of failing flakes, of white muffling mantles, and she wouldn't have been in the least surprised if, stepping outside, she had found herself in a glorious winter landscape, cold and crystalline, here on the always-snowless hills and shores of the California Pacific. When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now." He had been walking ever since, two and a half years, with brief respites in Bright Beach. "Because of a certain awareness you've had since childhood," Celestina said, recalling what he'd told her in San Francisco. Knacker, Hisscus, and Nork, all talking at once, then failing silent as if they were a single organism, then talking in rotation but interrupting one another, tried to advance their agenda. He didn't want to lean inside and peer over the front seat. He had no weapon. He would be unbalanced, vulnerable. If blood tests revealed that Junior wasn't the father, Vanadium would have a motive. It wouldn't be the right motive, because Junior truly hadn't known either that his wife was pregnant or that she was possibly screwing around with another man. But the detective would be able to sell it to a prosecutor, and the prosecutor would convince at least a few jurors. The musician's behavior required explanation. After wending through the crowd, Junior located the man in front of a painting so egregiously beautiful that any connoisseur of real art could hardly resist the urge to slash the canvas to ribbons. As yet, he hadn't taken either an antiemetic or antihistamine to ward off vomiting and hives, because he wanted to medicate -against those conditions as shortly before the violence as was practical, to ensure maximum protection. He'd intended to dose himself only after he followed Celestina home from the gallery and could be reasonably certain that he had located the lair of Bartholomew. No one in Junior's circles seemed to care about the crisis in American music. He supposed he had a greater awareness of injustice than did most people. This was one of many things about Agnes that amazed Edom. If he had dared to make a list of all the qualities that he admired in her, he would have sunk into despair at the consideration of how much better she had coped with adversity than either he or Jacob. There were effective actions and ineffective actions, socially acceptable and unacceptable behavior, wise and stupid decisions that could be made. But if you wanted to achieve maximum self-realization, you had to understand that any choice you made in life was entirely value neutral. Morality was a primitive concept, useful in earlier stages of societal evolution, perhaps, but without relevance in the modern age. During the course of this momentous day, he had employed Zedd learned techniques to channel his hot anger into a red-hot rage. Now, without any conscious effort on his part, rage grew into molten-white fury. Along Junior's hairline, on his cheeks, his chin, and his upper lip, a double score of hard little knots had risen, angry red and hot to the touch. Having previously experienced a particularly vicious case of

the hives, Junior realized this was something new-and worse. To the pilot, he replied, "Allergic reaction.".Ten months later, he finally wore her down. She accepted his proposal, and they set a date for the wedding..Celestina stared curiously at Tom Vanadium. She had witnessed the effect of vanishment, though she hadn't actually seen the coin disappear in midair. Yet she seemed to sense either that something more than sleight of hand had just transpired or that the trick had a meaning she'd missed..Yet, with no recollection of rising from his chair, he found that he had shouldered his backpack and crossed the room. The three men looked up expectantly..Although Dr. Lipscomb spoke almost as softly as the long-winded pianist, and though the physician's narrow face was homely and devoid of any trace of violent temperament, Neddy Gnathic flinched from him and retreated across the threshold, into the hallway..From her Volkswagen bus in the middle of the line, Maria joined them. "In case we get separated, Agnes, I don't have an itinerary.".Agnes met them, pulling Grace and Angel to her side. Her eyes were bright with excitement. "Tom, you're a man of faith, even if you've sometimes been troubled in it. Tell me what you make of all this.".If there had been footsteps, they had fallen silent the moment Junior froze to listen for them. Even over the hard drumming of his heart, he would have heard any noise. The pillowy fog seemed to smother sound in the alleyway more effectively than ever..Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty..With the salt and pepper shakers, Tom walked them through the why-I'm-not-sad-about-my-face explanation that he'd given to Angel ten days previously..Junior had the picture now. Clear as Kodachrome. Victoria was in a relationship, and she had come on to him in the hospital not because she was looking for more action, but because she was a tease. One of those women who thought it was funny to get a man's juices up and then leave him stewing in them..Handing Angel to Grace, Lipscomb said, "I own some investment properties. There's a two-bedroom unit available in one of them.".The toast now came to Celestina. "To Phimie, who will be with me in memory every hour of every day for the rest of my life, until she is with me again for real. And to ... to this most momentous day.".Although weak, he was no longer in danger of spewing bile and blood like a harpooned whale. The siege had passed..September 13, 1928. Lake Okeechobee, Florida. Two thousand people died in a flood..stubbornly withholds them is to take a bitterly cold shower while pressing ice against one's genitals, until the desired facts are recalled or hypothermic collapse ensues..While they waited for the room-service waiter to arrive, Tom got from Paul a detailed report of Enoch Cain's attack on the parsonage. He had heard most of it from friends in the state-police homicide division, which was assisting the Spruce Hills authorities. But Paul's account was more vivid. The ferocity of the assault convinced Tom that whatever the killer's twisted motives might be, Celestina and her mother-and not least of all Angel-were in danger as long as Cain roamed free. Perhaps as long as he lived..EARLY CHRISTMAS EVE, gallery brochure in hand, Junior returned to his apartment, puzzling over mysteries that had nothing to do with guiding stars and virgin births..The sudden change of subject, from the airliner crash to Phimie, confused Celestina..Laying the gun on the newspaper, he dropped into the chair. He picked up his coffee. The search of the house had been conducted with such urgency that the java was still pleasantly hot..And though Barty was not shy, neither was he a show-off. He didn't seek praise for his accomplishments, and in fact, they were little known outside of his immediate family. His satisfaction came entirely from learning, exploring, growing..They were each down to one last sip of wine, studying dessert menus, when Celestina began to wonder if, in spite of all instincts and indications, she might be wrong about the state of Wally's heart. The signs seemed clear, and if his radiance wasn't love, then he must be dangerously radioactive-yet she might be wrong. She was a woman of some insight, quite sophisticated in many ways, with the raw-nerve perceptions of an artist; however, in matters of romance, she was an innocent, perhaps even more pitifully naive than she realized. As she perused the list of cakes and tarts and homemade ice creams, she allowed doubt to feed upon her, and as the thought grew that Wally might not love her that way, after all, she became desperate to know, to end the suspense, because if she didn't mean to him what he meant to her, then Daddy was just going to have to accept her conversion from Baptist to Catholic, because she and Angel would have to spend some serious heart-recovery time in a nunnery..He felt lightheaded again. But this time he knew why. Not an oncoming case of the flu. He was straining against the cocoon of his life to date, straining to be born in a new and better form. He had been a pupa, encased in a chrysalis of fear and confusion, but now he was an imago, a fully evolved butterfly, because he had used the power of his beautiful rage to improve himself. When Bartholomew was dead, Junior Cain would at last spread his wings and fly..At a gun shop, Junior purchased two hundred rounds of ammunition. Later, that many cartridges seemed excessive to him. Later still, he purchased another two hundred..Tom opened his empty hands and then filled one of them with his water glass. The rattling ice belied his calm face..He paused, not sure how to proceed. He was not accustomed to writing letters to total strangers..Junior found the acclaim gratifying, but the widespread use of his photograph was a high price to pay even for the recognition of his contribution to art. Fortunately, with his bald head and pocked face, he no longer resembled the Enoch Cain for whom the authorities were searching. And they believed that the bandages on his face, at the church, had been merely an exotic disguise. One psychologist even speculated that the bandages had been an expression of the guilt and shame he felt on a subconscious level. Yeah, right.
