Pulling herself up in the bed, peering at him suspiciously, she said, "You've gone and memorized old Emily.".In his voice, he heard a tremor that had nothing to do with the hideous deaths in Effingham more than sixteen years previous..Charmed by the vulnerability of the young, he'd never slept with an older woman. The prospect intrigued him. She would have tricks in her repertoire that younger women were too inexperienced to know..That saving smile once more returned lost harmony to the scarred and broken face. "Not me. From my perspective, psychology is just one more of those easy sources of false meaning-like sex, money, and drugs. But I will admit to knowing a thing or two about evil.".AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something *is reaching for him-that's all he

could recall, hands clutching at him out of the dark-and then he was awake, wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the corner was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed..He knocked the pepper shaker on its side, and then with a groan put it upright once more..Agnes saw no arc of color from candle to candle, and she thought that he must mean for her to look at the many cut-crystal wineglasses and water glasses, in which the lambent flames were mirrored. Here and there, the prismatic effect of the crystal rendered reflections of the flames into red-orange-yellow-green-blue-indigo-violet spectrums that danced along beveled edges..He no longer had any reason to follow an exercise regimen. For twenty-three years, he'd needed to maintain good health in order to meet his responsibilities, but all the responsibilities that mattered to him had been lifted from his shoulders..A supply of ammunition lined the bottom of all the dresser and bureau drawers, concealed by underwear and other garments. Junior appropriated a box of 9-mm. cartridges..Slow deep breathing forgotten, gasping like a drowning swimmer, a sudden sweat dripping from his brow, Junior used one foot to prod the fallen man.."I don't know." He was silent a moment. "That's what's going to be interesting."..He was no longer in his scrubs, but wore gray wool slacks and a blue cashmere sweater over a white shirt. Face somber, he looked less like an obstetrician engaged in the business of life than like a professor of philosophy forever pondering the inevitability of death..When Junior opened the trunk, he discovered that fishing gear and two wooden carriers full of carpenter's tools left no room for a dead detective. He would be able to make the body fit only if he dismembered it first..He was a virile young man, desired by many, and life was short. Poor Naomi, her lovely face and her look of shock still fresh in his memory, was a constant reminder of how suddenly the end could come. No one was guaranteed tomorrow. Seize the day..replace her. I'd never be able to spend a penny of it. Not a penny. I'd have to give it away. What would be the point?". "Sure. Or why don't I pull a Rumpelstiltskin and demand one of her children for payment' ".Curiosity brought him here. Curiosity and a talent for self-preservation. Earlier, Vanadium had not come to Naomi's graveside as a mourner. He had been there as a cop, on business. Perhaps he had been at the other funeral on business, too..He hurt too much to recover quickly and take advantage of the woman's brief vulnerability. Clambering to his feet, he backed away from her and fumbled in a pocket for spare cartridges..Thus began the first day of the last weekend of their old lives. Maria visited on Saturday, sitting in the kitchen, embroidering the collar and cuffs of a blouse, while Agnes baked pies..Agnes met them, pulling Grace and Angel to her side. Her eyes were bright with excitement. "Tom, you're a man of faith, even if you've sometimes been troubled in it. Tell me what you make of all this."..Although their apartments were above the garage, back to back, each was served by a separate exterior staircase. As often as either man entered the other's domain, they might as well have lived hundreds of miles apart.
